Long-Debated Currency Measure Will Pass the Senate by a Safe Majority

VERY FEW DIFFERENCES

Exist Between Two Houses and Leaders Expect to See New Bill Ready for President Wilson's Signature by Next Tuesday.

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 19.—Unless unforeseen obstacles are encountered the new currency bill will pass the senate before it adjourns tonight. Democratic leaders had the bill in such a position at the closing moments of last night's session that they might have passed it with an hour or two more of debate. They were confident of guiding the deliberations today so that the long-debated measure would pass by a safe majority and go to conference with the house, where with prompt action, leaders expect to see the new bill ready for President Wilson's signature by Tuesday at the latest.

Most of the differences between the two houses may be said to be largely ironed out in advance. Majority Leader Underwood in the house is authority for the statement that only two or three serious points of difference remain and they are not expected to prolong the conference.

One of the most important points of difference concerned is when the new currency system shall go into operation. The house bill provided that it become effective within three months from the passage of the bill. The senate bill says as soon as convenient.

Administration leaders believe the senate provision will prevail. As one provision of the senate bill extends the Aldrich-Vreeland law to operate during the transition period, officials expect to see the new system working very smoothly while reserves are being shifted and conditions are changing to meet the new law. Secretary McAdoo has announced that the federal treasury will be ready with its millions to help the transformation in every way.

Settlement of the remaining details was begun as soon as the senate assembled. A combination of amendments by senators Crawford, Owen and Nelson broadened the section to allow national banks to loan on five year farm mortgages. The amendment would permit central reserve city and country banks to loan one-third of their time deposits, or 25 per cent of their capital and surplus on such security.

Senator Nelson succeeded in getting into the bill a provision that such banks may continue to receive time deposits and pay interest on them, a procedure at present a technical violation of the law. The Democrats voted down a proposal by Senator Crawford to prohibit interlocking directorates in banks in the new system.

Three captains of the largest of America's industries have been rewarded by the American Museum of Safety for care in safeguarding the lives of their workmen. Each was given a medal for his company. Julius Kruttschnitt, chairman of the board of directors of the Southern Pacific Railroad, was given the E. H. Harriman Memorial Medal for the American railroad which has been most successful in protecting the lives and health of its employees and the public.

James A. Farrell, president of the United States Steel Corporation, was given the Louis Livingston Seaman medal for progress and achievement in the promotion of hygiene and the mitigation of occupational diseases.

L. N. Bethel, president of the New York Telephone company, was awarded another medal for the American employer who has achieved greatness in protecting the lives and limbs of workmen.

The American Museum of Safety has undertaken a propaganda among employers to get them to install all kinds of safety devices for their workmen and has been very successful in the work.

**DUKE OF ORLEANS
BREAKS HIS ARM
IN SKATING RINK**

(ASSOCIATED PRESS TELEGRAM)
Brussels, Dec. 19.—The Duke of Orleans, pretender to the throne of France, broke his arm today while skating in an ice rink. He collided with another skater so violently that both were unconscious for a few minutes.

Dr J. Recamier, of Paris, was summoned and found one of the duke's arms broken but no other serious injuries.

A suit for separation from the duke was started in May last by the duchess, formerly Archduchess Marie Dorothea of Austria, who demanded alimony and the restitution of large sums of money advanced to her husband.

The duke has since been on a visit to South America and returned to Europe last month.

**DECISION ON
THE NEW OHIO
LIQUOR LAW**

(ASSOCIATED PRESS TELEGRAM)
Columbus, Dec. 19.—Judge George H. Campbell of the Common Pleas court, upheld the constitutionality of the new Ohio liquor law in the habeas corpus case of Wm. Scott, a saloon-keeper today. Scott was arrested for keeping his saloon open without a license. He claimed the license law was not constitutional and sought release from arrest on that ground. The court denied Scott's petition that his arrest was against Section 1 Article 1 of the bill of rights of the Ohio constitution and against the fourteenth amendment of the federal constitution.

Probate Judge Robbins Hunter was confined to his home all day Friday with the grip. He was compelled to leave his office, in the courthouse, early Thursday afternoon.

VERDICT
MONDAY**

Testimony in the Former State Bank Examiner's Case Ended Today

CASE ARGUED BY HOGAN

For the State This Afternoon Before Judge Bigger — Baxter's Counsel Will Follow Monday — Turner to Close the Argument.

(ASSOCIATED PRESS TELEGRAM)
Columbus, Dec. 19.—By Monday afternoon or evening Clement S. Baxter, Lima, former state bank examiner, charged with embezzling \$3140 from the Columbus Savings and Trust company while counting its funds on the night of the bank's failure, Feb. 26, 1912, may know his fate.

Taking of testimony ended before noon today. Attorney General Hogan argued the case for the state three hours this afternoon before Judge Thomas M. Bigger, before whom Baxter has been on trial for two weeks. He will be followed by Kent W. Hughes, Lima, counsel for Baxter, who will finish his address Monday morning. Prosecutor E. C. Turner will close the argument for the state then, and Judge Bigger will deliver his charge to the jury which will retire for deliberation.

Baxter again was placed on the stand this morning and went into details concerning use of the \$37,000 which his brother, Frank E. Baxter, when state superintendent, had taken from the funds of the Columbus bank for his own use a few days. He stated that his brother had owed the late Charles W. Gates, of New York, \$27,000 on oil stock, and that he took the Columbus bank money for a few days, paying interest to the state, to pay this debt. With the stock then secured, he borrowed \$42,000 from the Ohio National Bank, paid back the \$27,000 borrowed from the state, and with the remaining \$15,000 his brother had paid a note in the St. Mary's Home Bank. He stated that he was not concerned in the transaction.

William Wemmer, wealthy cigar man, J. R. Sinclair, an oil producer and banker, Thomas C. Roberts, a farmer, Dr. J. B. Vail, a surgeon, and N. W. Cunningham, a banker, all of Lima, testified to the good character of the defendant.

**PHILADELPHIANS
WANT DRY DOCK
FOR THEIR CITY**

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, Dec. 19.—Armed with fact and figures a trainload of Philadelphians left here this morning for Washington where they planned to win secretary of the navy to favor the building of a 1700 foot dry dock in the Navy yard in this city. In his naval estimates recently submitted to congress, Secretary Daniels favored the Norfolk yard for the dry dock.

Mayor Blankenburg was unable to go to Washington and he was represented by A. Merritt Taylor.

**VILLAGE CLERK
FOUND SHORT IN
HIS ACCOUNTS**

(ASSOCIATED PRESS TELEGRAM)
Columbus, Dec. 19.—John O. Koski, village clerk of Fairport, Lake county, is alleged to have issued checks on municipal funds payable to himself at will, and consequently findings aggregating \$671.86 were returned against him in a report of State Examiner C. E. Lippincott, made public by the state bureau of accounting today.

Clerk Koski made out vouchers to himself several times for amounts ranging from \$42 to \$62, but explanation of the village accounts and records fail to show that these funds were due him, according to the report. He paid himself for "extra work" not authorized by the village council, it is alleged, and failed to account for \$216 turned over to him by Mayor August Wolff. A finding of this amount also is returned against the mayor.

**Appointed on Bar
Examining Board**

(ASSOCIATED PRESS TELEGRAM)
Columbus, Dec. 19.—The Supreme court today announced the appointment of Charles R. Cary, of Millersburg, and A. B. Dunlap, of Cincinnati, as members of the state bar examining board for terms of 6 years. Mr. Cary was named to succeed Charles J. Pretzman, of Columbus, while Mr. Dunlap was re-appointed.

The Plaza at Tampico, Where Battle of Mexican Factions Raged.

This photograph of a peaceful scene in Tampico was taken before the fight between the federalists and the constitutionalists when Admiral Fletcher had to protect the Americans and other foreigners by directing that they be taken aboard the warships of Uncle Sam in the harbor. Since then the town has been torn to pieces by shot and shell, and while the troops of Carranza were repulsed in the action of Sunday, Dec. 14, it was expected that they would return any time with reinforcements to take the place.

**Pres. Wilson Back on
the Job After Siege of
Illness With the Grippe**

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 19.—President Wilson came to his office today for the first time since he became ill a week ago. He told friends he felt as well as ever, and worked on a mass of accumulated correspondence, after which he met the cabinet.

He has been thinking several weeks about the personnel of the federal reserve board, created by the currency bill and while he had not fixed upon any individuals, he is trying to get the best possible men for the places, regardless of the political affiliations. Mr. Wilson indicated today that he would give the subject his most careful attention for the next few weeks.

**BUKER'S SLEEP
WAS DISTURBED**

Boasts that no cop could take him from his home and enjoy good health thereafter availed Charles Buker nothing Friday morning when Patrolmen Thomas Hamilton Stewart and Headquarters Officer Hurlbaugh were sent to the Buker domicile to place him under arrest on a charge of being drunk, abusing his family and resisting an officer. They entered the home and took the man into custody without bloodshed and their clothing wasn't even mussed up Buker, according to the complaint filed with the police department, spent most of Thursday night and Friday morning creating a disturbance in his home. He charged his son with being responsible for the disturbance. He will get a hearing probably Saturday morning.

Columbus, Dec. 19.—Ed. H. Moore, state insurance commissioner, has resigned to accept a position as general manager of the Ohio State Insurance Co. He will leave his post on Jan. 1, 1919. The resignation was accepted by Governor Campbell today. Mr. Moore's resignation was expected to be accepted by the governor today. Mr. Moore's resignation was expected to be accepted by the governor today.

**CHANGE IN
COMMAND OF THE
FEDERAL ARMY**

(ASSOCIATED PRESS TELEGRAM)
Ojinaga, Mex., Dec. 19.—Gen. Salvador Mercado, commander of the federal army, will be removed from office within a few days and his place will be taken by Gen. Pascual Orozco, according to reliable information received today. Mercado's evacuation of Chihuahua without waiting for a rebel attack is given as the cause for his removal.

Within three days the federal army will leave Ojinaga and advance the rebels in Chihuahua, according to federal officers. Enough provisions for an extended campaign will have been obtained by Monday when the departure from here is to take place. Federal scouts who patrolled the county for miles around, found few rebels near.

**BECKER'S MOTHER
DIES IGNORANT OF
HER SON'S PLIGHT**

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 19.—The mother of former Police Lieutenant Charles Becker, who is in the death house in Sing Sing awaiting execution for the part he played in the murder of Herman Rosenthal the gambler, died at her home here today. She was very old and had been bedridden for some time. She died in ignorance of her son's plight.

For more than a year she had not been permitted to read newspapers. When her son Charles ceased to visit her, another son, John, told her Charles was suffering from rheumatism and had been sent to a sanatorium. This explanation sufficed.

**RAISING OF
XMAS TREE IN
PUBLIC PARK**

Big Forty-Foot Tree Erected Friday Afternoon and Workmen are Engaged in Wiring it for Lights.

Ring out the gladsome tidings! The holiday season is here, and so is Newark's big municipal Christmas tree. Crowds congregated about the north side of the public square at 1.30 Friday afternoon when a four-horse team drawing a long scene wagon and an extension truck, arrived with the forty-foot arbor vitae tree from the farm of Edwin Montgomery, six miles east of Newark.

The municipal Christmas tree committee was on hand and superintended raising of the tree at a point about the center of the north-west plot of the court house square. The tree was raised with guy ropes attached to other trees in that side of the park, and stood imposingly amid the foreign trees in this section of the park. While a large variety of growths are represented in the arborage of the park, the "visiting tree" is the only evergreen in the lot.

Mr. Fred Morrison of the Ohio Light & Power company at once arranged to put a crew of men to work decorating the tree with something more than 500 incandescent lights. The wiring, lights and current are donated by the Ohio Light & Power company, and a committee from the Federation of Women's Clubs has donated its services in trimming the tree with the tinsel and "snow."

The committee announced Friday that the Buckeye Band has donated its services to the extent of furnishing several musical numbers on the occasion of the Christmas eve celebration when the band will alternate with the choristers now being drilled by Prof. C. W. Klopp on Christmas carols.

According to plans decided upon Friday the program will start Wednesday evening, when at promptly 7 o'clock, Mayor Swartz will turn the switch turning on an illumination of approximately 300 electric lights. Fifty of the lights will adorn the four-foot silvered star now being designed by Prof. W. L. Painter of the department of manual training in the public schools. The star will be suspended by cables in a position directly above the tree.

It is arranged that the instant the lights flare the Buckeye band will play "Holy Night," the Christmas song of carols which will be singing. Words of two of the Christmas songs are of old printed on the bills to be distributed so that everyone present may join in the singing in a song of reality.

The Christmas tree fund now exceeds \$1000 and it is estimated that the cost of the tree, decoration and trimmings will not exceed about \$200. The finance committee consists of E. S. Neich, Jr., C. H. Spencer and Frank J. Jones, all of whom are to receive additional funds that the finance committee may be used in a similar manner. It is the committee's intention of directing the distribution through means that will insure remembrance of the observance to those who might be neglected otherwise.

**Attorney Suicides
by Throwing Himself
in Front of Train**

Peoria, Ill., Dec. 19.—H. I. Nolan, a prominent attorney of this city, committed suicide by throwing himself in front of a train at Galva, Ill., 30 miles from here last night. A warrant for his arrest had been issued charging him with having forged names to a note for \$1000, which he gave to a Peoria bank as securities for a loan.

Fifteen Miles South of Mexico Nearly Resulted in Capture of Gen. Zapata

CUT WAY THROUGH LINES

With Machetes and Escaped in Darkness—Rebel Leaders in the South Have Been Supplied With Funds and are Again Active.

(ASSOCIATED PRESS TELEGRAM)
Mexico City, Dec. 19.—The Federal troops just missed capturing Emiliano Zapata, the rebel leader, last night at Nenapa ranch in the Federal district about fifteen miles south of Mexico City. Zapata established his temporary headquarters at Nenapa ranch during his recent attacks on the government forces.

The Federal troops approached the ranch from several directions. After an hour's skirmishing, the rebels were routed. Some of the rebel prisoners told their captors that Zapata himself was in command and was one of the last to escape. He broke through the circle of Federal troops with a few companions who used their machetes to cut their way out. The report sent to the war office by the Federal commander said the rebels were not pursued owing to darkness and the difficult nature of the country.

Persons coming from the state of Morelos today confirm the report that the activity of Zapata is due to instructions received from General Carranza. The latter recently sent several emissaries to confer with Zapata and other rebel leaders in the south. They are reported to have supplied Zapata with funds for the renewal of his campaign against the Federals.

Efforts are being made to enlist volunteers in Brazil for service in Mexico in the event of an American invasion, according to El Pais today. The newspaper prints a special dispatch from Rio Janeiro setting forth that Luis Gomez, an enthusiastic "Pan-Latinist" had issued a circular letter to awaken a sentiment of solidarity among the Latin peoples of the Western Hemisphere to resist the "decided imperialism of the North American Colossus."

Mannuel Lizarate, the Argentine poet who was recently expelled from Mexico on account of his socialist utterances is said to be interested in the same scheme as Luis Gomez.

**MAINTAINS OIL
INSPECTION ACT IS
UNCONSTITUTIONAL**

(ASSOCIATED PRESS TELEGRAM)
Columbus, Dec. 19.—On the ground that the oil inspection act passed in 1905 is really a revenue measure and not a license measure as it purports to be, its constitutionality is attacked by a suit filed in the Franklin county courts today by Charles J. Castle, a Cleveland oil man. The suit asks that William F. Hason, state oil inspector be enjoined from undertaking his duties under the law and from interfering with the plaintiff for refusing to comply with provisions of the law.

Castle maintains the revenue from oil inspection during the last year amounted to \$123,880. Expense of conducting the oil inspection department was \$43,576, the petition asserts. This leaves a clear balance of \$80,304.

It is argued also that when the law was passed it was for the purpose of preventing a mixture of naphtha and oil for illuminating purposes, but because of the present high price of naphtha the two would not be mixed by any oil dealer or producer. The law is not needed for protection therefore, it is argued, and it does not authorize a valid exercise of police powers.

OFFICIALS WANT ACKERS AT SOMERSET

Police Chief Sheridan received a telephone message from the marshal of the village of Somerset, stating that W. A. Ackers, held here for investigation, was wanted at Somerset for beating a board bill. A warrant was issued there for his arrest and an officer will come to Newark for him if he is not prosecuted here.

Thursday an affidavit was filed by Besanancy Brothers charging Ackers with obtaining nearly \$100 worth of furniture by fraudulently representing himself to be an authorized agent of the Order of Owis. Police Chief Sheridan is waiting for a letter from National President Talbot of South Bend, Ind., regarding the man's alleged connection with the order, before proceeding with the prosecution.

BRITISH WANT PAVILION AT EXPOSITION

ASSOCIATED PRESS TELEGRAM
London, Dec. 19.—Premier Asquith in a letter today to the committee, which has been endeavoring to secure British participation in the Panama-Pacific exposition at San Francisco and which asked him to receive a delegation, says the various points in favor of British participation were carefully considered by the cabinet but he regretted that the cabinet was unable to modify the decision announced to parliament last January.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat which forms uric acid.

When you wake up with the back ache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and lazy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water seals and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

MT. VERNON LAD HAS TIME, BUT IS CURED FOR SURE

"Seeing Newark" Proves to Be Some Event for Youngster Who Just Walked Down.

Just plain boffin' it from Mt. Vernon to Newark with nothing to eat until next morning, isn't what it's cracked up to be, especially if a fellow meets up with a railroad fly-cop and has to spend the night on a board mattress in the municipal hash house.

In common, every-day vernacular, that's what young Edward Barr, of Mt. Vernon, thinks about it. The 15-year-old lad and a companion named Berry, of about the same age, landed here all right at 4 p. m. Thursday, having left Mt. Vernon at 7 a. m. to make the trip by the pedal method. Berry started home on a B. & O. freight train early Thursday evening, and for aught Barr knows Berry's home by now. But the Barr lad found freight train riding was chilly business, so he dropped off opposite the city prison, fell in with a B. & O. detective right away, was taken across the way to the prison and spent the night.

New he's glad it all turned out as it did, for Probation Officer John Dwyer took him in tow early in the morning and sent him to Mt. Vernon on the first afternoon train, "first class," just like any other passenger.

"This is a prettier town than Mt. Vernon—what I've seen of it," said the youngster, which may not mean much since he spent the night in the city bastille, noted for miles around as some stopping place. Barr works in a barber shop and makes his home with a family named Bricker. His father is dead and his mother lives in Pennsylvania.

"I'm cured," quoth the youngster, when touched by the kindly sympathies of Probation Officers John Dwyer and Mar. Miller. "We believe he is, too," commented the officers.

MANY RUMORS IN MORIARITY MURDER TRIAL

(ASSOCIATED PRESS TELEGRAM)
Toms River, N. J., Dec. 19.—Interest in the Moriarity murder trial increased today as time approached for the defense to reveal its theory. The fact that the prisoner, Joseph Moriarity, alias Wm. J. Leehan, has the aid of a prominent Lakewood family supported the rumor that the attorneys retained by his wealthy backers would present some unexpected evidence to prove that he had no part in the killing of Mrs. Caroline C. Turner.

Mrs. Jasper Lynch, of Lakewood, who is taking personal charge of the defense said her only motive was to save an innocent man, who she believes, is the victim of a conspiracy. Today she declared that she was not responsible for the report that Mrs. Turner was run down and killed by

HAVE TROUBLE IN LOCATING THE LAW VIOLATORS

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, Dec. 19.—Detectives are having trouble to find the sixteen men for whom warrants yesterday were sworn out, charging them with being the ones who bombarded a street car during the street car strike, last spring, from the twenty-ninth floor of a skyscraper. The officers thus far have arrested William Molloy, aged 31, a core maker, John Brulard, aged 24, a marble worker and Walter Maley.

STATE BANKS MUST COMPLY WITH THE 1908 THOMAS ACT

(ASSOCIATED PRESS TELEGRAM)
Columbus, Dec. 19.—State banks do not need to maintain a 15 per cent deposit of trust funds but must have 15 per cent of other deposits, in compliance with the Thomas banking act of 1908. This was the holding of the Franklin county court of appeals in the case of the American Trust & Savings Bank company of Zanesville against Frank E. Baxter, state superintendent of banks.

The supreme court today refused to receive the case on appeal giving the appeal court final jurisdiction.

The Zanesville bank sought and was granted an injunction preventing Baxter from taking over the bank because of a dispute over the 15 per cent trust fund deposit. The court of appeals affirmed the lower court in granting the injunction.

pelled Spaniards and said he would indemnify such as had not actively supported the Huerta government. General Villa had received through American consul representations which expressed the position of the United States in assuming moral responsibility for welfare for other nations which called upon General Villa for a strict accounting of his acts, should the rights of any foreigners be violated.

A communication also had been received from General Carranza, the head of the revolution following the protests of Spaniards that their property had been seized and the protests of other foreigners that they had been forced to pay money to the rebel cause.

"I ordered all property belonging to Spaniards be confiscated and held pending an investigation as to who of the Spaniards aided Huerta," said Villa, "in order to guarantee the property while it is in our hands I have named honorable and responsible persons to take inventory of it."

"It was necessary to expel the Spaniards because their lives were in danger and here it was necessary to impose a penalty of death in order that they would go. It is well known that in the uprising in Mexico City last February hundreds of Spaniards in Ciudad sided with Felix Diaz and with arms co-operated in the uprising which enabled Huerta to bring so

Village Brings Suit.

The village of Croton, known also as "Hartford," has begun proceedings to the up money of the National company of South Bend, Ind., for supplies furnished by the village on the street paving and improving contract recently completed by the company. The amount involved in the garnishee is \$248. The action was brought in Common Pleas court Friday morning by Attorney Ray Martin. Emmet Shafer, and others, are plaintiffs representing the village.

Verdict for \$949.

Before Judge Jewell in Common Pleas court Friday was set a rather unexciting proceeding—a friendly suit of a wife against her husband. And when a verdict of \$949 was returned in favor of the wife, the husband smilingly offered congratulations.

It all came about because Jacob Vandenberg, Jr., was the executor of his father's estate. In his lifetime, it was shown, Jacob Vandenberg, deceased, had been cared for by his daughter-in-law, who provided him with bedding, did his washing and other duties during several years of his life, and through his final illness. As her husband was executor, he could not pay money out of the estate to his wife without court procedure approving the claim.

Common Pleas Court.

On Friday the court heard the evidence in the case of Catherine Vandenberg vs. Jacob Vandenberg, Jr., as executor of the estate of the late Jacob Vandenberg, sr. Plaintiff asks a judgment for compensation for services rendered the deceased for several months prior to his death.

Frank Vadaikin vs. Mary A. Vadaikin, et al Motion and demurrer overruled. Leave to answer in 15 days. In the case of Charles R. Hartshorn vs. W. S. Greer, et al, a judgment of dismissal was entered, the matter having been adjusted between the parties. Plaintiff brought the suit to enjoin the defendants from constructing a pipe line between Newark and Granville in such a manner as to interfere with plaintiff's rights in a water course, plaintiff claiming that defendant was interfering with his rights.

Nearly 500,000 more cotton spindles were running last month than in November of a year ago. Nevertheless, the Republicans feel the imperative necessity of alarming the country into a suspension of industry if it is possible. The tariff scare has not yet worked to their satisfaction, and Floor Leader Mann has given notice that he is compounding a speech which will convince the country that it is in a very bad way. News of the various industries which is entitled to respect would appear first in the trade organs and the general newspapers. The news of panic and depression which originates in the political arena need not be seriously considered.

The "millionaire beggar" recalls the story of the Arab who coveted another man's horse and pretended to be a wayside cripple. When the owner of the desired horse came along he was moved with compassion, got off and helped the imposter into his saddle. Then the rascal dashed his heel into the side of the horse and rode off. But the owner of the horse called to him not to let any man know how he got the animal, lest other men should be afraid to do a charitable act. All the distress in the world would be relieved within a little while if it were not for the imposters and the maligners. They dry up the streams of charity.

Among 21 lines of business investigated by a Boston bank 13 reported an improvement over 1912, four no change, and four a decrease. These last four were bonded warehouses, builders, lumber and paper manufacturers. As compared with 1911, when the Taft administration was in full swing, there was a very marked improvement in every line except bonded warehouses. And still Republican orators and newspapers are howling about hard times, and even panic! They should study the figures of 1911, in that year there actually was a semi-panic, and under the meddling of the authorities at Washington United States Steel Cor. shares fell to 50 and many other securities to low figures. Under prevailing conditions, with business continuing in moderate volume and no inflation of credits, there is no likelihood of a panic.

Little Jack Horner and His Christmas Pie

With Variations in the Style of the Poets

By CALLY RYLAND

LITTLE Jack Horner sat in a corner
Eating his Christmas pie.
He put in his thumb and pulled
out a plum
And said, "What a good boy am I."

If Edgar Allan Poe Had Written It.
See Jack Horner in his corner
With his pie.
Where's his thumb? Will no one warn her?
With a thump that is falling
While he's gloating, gloating, gloating.
He is leaning for the mounting
That is falling.
All his heart of being good,
Careful of his daily food,
Tinkles merrily within his saucy eye,
etc. etc.

Robert Browning Might Have Done It.
Pastry a fall or falling, it is not mere
Dough.
Puffed and pulled and puffed over, sir,
For whiteness or for lightness—and this
Is
Was of the very stuff of life, sir.
None of your blundering bits of work, but
labeled, eatable. Well, Horner sat there
Humming. 'Twas Christmas, ruminat-
ing time.
You say, and you are right, sir.
Lazily dived and open mouthed he sat,
Feeling the pastry tickle at his lips.
Yet scarcely knowing how to fathom it.
When of a sudden—oh, the fellow's keen!—
Occurred his thumb to him, whereupon
Strutting he put it in the sweet,
"Good boy!" quoth he, and pulled out a
damp plum.

This Would Be Walt Whitman's Style.
I sing the Christmas pie.
The flour, the lard, the butter that com-
pose it.
The richness of its stuffing.
A divine numbus exudes from it.
It attracts with fierce, undeniable attrac-
tion.
I am drawn by its breath no less than
Jack Horner, who holds it upon his
knees.
I am one with the plum concealed in its
mammoth vastness.
I loosen myself, pass freely and am at
the door of Horner's lips, smacking
to taste its ingredients.
But he does not know how to get at you,
pie.
He sits, sleepily considering the pose of
his head, his puffed out lips, betray-
ing his gluttony.
Presently a fine smile comes on to his
face. He lunges into the pie with
firm thumb. Its crust yields.
He possesses himself of its richness.
Oh, young men, I would not have you sit
in a corner considering pie stuffings.
Be bold. You—whoever you are—are al-
lowed the eternal purports of a pie.
(I loved a certain Christmas pie ardently,
and it gave me delirium.)
Yet out of that I have written this song.)

In the Great William Shakespeare's Style.
"Sweet pastry, do not scorn me, do not
gibe
And frown at me with crusty sourliness.
I know that in your flaky depths is hid-
den
A mammoth plum, which, 'Ods my little
pie,
I'll have it if I must swing for 't." Thus
Jacques.
Who, thereupon, with swashing stab of
the thumb
Smote through the crispy lid, which erst
held tight,
And with triumphant shout, "'Ods bodi-
kins,
A good lad I!" withdrew the sought-for
plum.

Algernon Charles Swinburne's Style.
Here where the world is quiet,
Here upon Christmas day,
With plums and a pie for diet,
In a corner sat Horner.
No feast was ever sweeter,
No finger was ever fleetest
To sink a plum with glee to
A mouth that gapes away.

MOST POPULAR CAROL.

Charles Wesley's Composition For the Municipal Christmas Tree.

The proposal that this town have a municipal Christmas tree with a public concert on Christmas eve has aroused interest in the subject of Christmas music. Naturally this great holiday has inspired the world's best musicians and poets, and thousands of songs have been written with the Nativity as the theme.

The most widely known and most popular of the many Christmas carols is, "Hark, the Herald Angels Sing." It is more frequently sung in churches on Christmas day than any other song and is deservedly popular with all denominations. Wesley was one of the famous brothers who were a power in England nearly 200 years ago. He wrote more than 6,000 hymns, many of which are found in church hymnals. His famous carol was composed in 1737, when he was thirty years old. The first stanzas are:

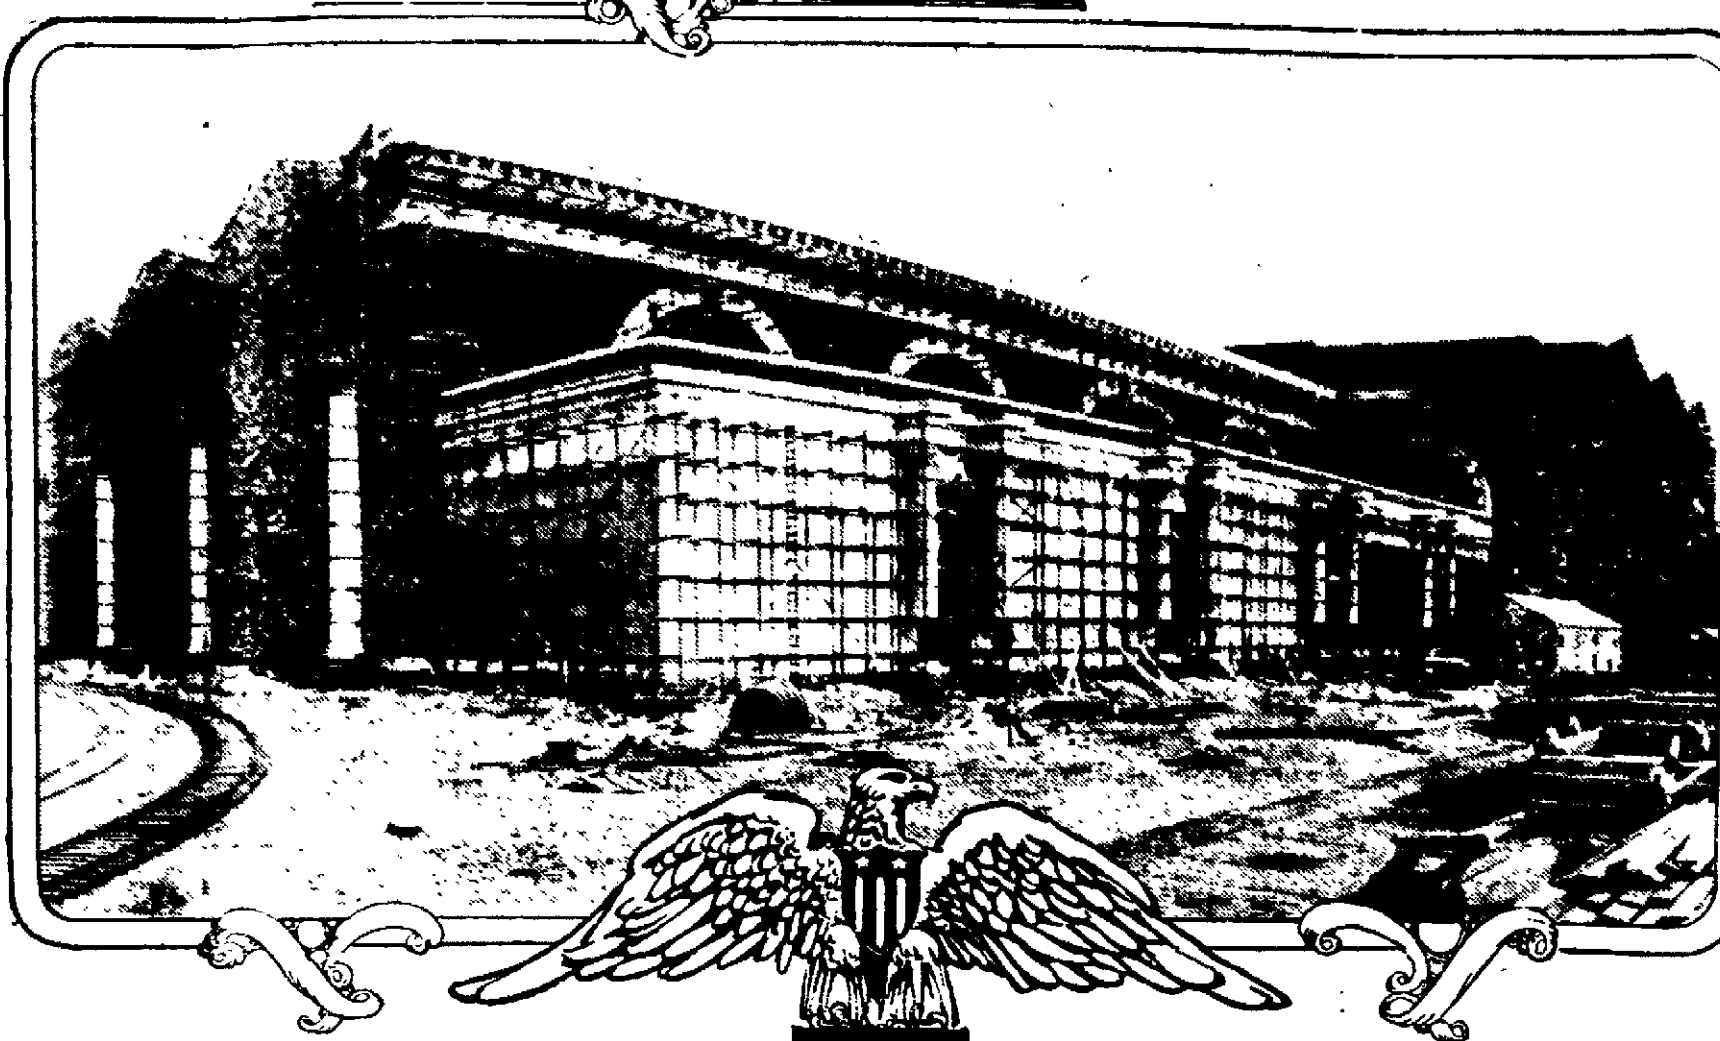

Hark! The herald angels sing:
"Glory to thee, O Christ, the King!
Peace on earth, and good will to
God and sinners everywhere."

For full, all ye nations kneel
Join the triumphs of the skies,
With angelic hosts proclaim
"Christ is born in Bethlehem."

Christ, by highest heaven adored;
Christ, the everlasting Lord,
Veiled in flesh the childless see,
Hail, incarnate Deity!

Marvelous Exhibit Palaces Fast Rising on San Francisco Bay For the Panama-Pacific International Exposition, 1915.

Copyright, 1915, by the Panama-Pacific International Exposition Co. Photo by W. W. Swadley, staff photographer.

THE huge Palace of Machinery at the Panama-Pacific International Exposition. Each day sees a change in the Panama-Pacific International Exposition, and the structure in San Francisco is hardly able to keep track of the progress. A world's record is being made in exposition building. Simultaneous construction is under way throughout the three mile crescent on San Francisco bay. All main exhibit palaces are under construction, and each is built under contract under a definite time limit, with a bonus for its completion under the date set. All exhibit palaces will be completed months before the opening of the Exposition, on Feb. 20, 1915. This picture shows huge Machinery Palace, the largest wooden building in the world, 965 feet long and 365 feet wide. More than 1,000,000 feet of lumber were used in the construction of the building. Three huge ocean liners the size of the Emperor could be placed within its giant nave.

Uncle Walt

Rider Haggard.

Sir H. Rider Haggard is surely no laggard. He's turning out narratives six at a time; he's always so busy it makes a man dizzy, and sirs up the envy of E. Oppenheim. He's still writing stories concerning the glories of African chiefs in the dim long ago, of braves and witch finders and geers who wore blinders yet spelled out a future of bloodshed and woe.

An H. Rider story is reeking and sory, an epic of courage and battle and crime, and Rider is writing romances of fighting so often he dazes poor E. Oppenheim. E. Phillips, God bless him—it's ill to distress him!—has long held the record for turning out pure with toes and with fingers he wrote his hum-dingers, and each of his efforts was surely most pure. He long wore the laurel, and no one could quarrel with him for a minute, disavowing his bays; his reign now is ended, and he has descended, or reaching his dotage, on dirt, cold days. For I will be judged by H. Rider Haggard can't beat him. It is a sad time, as dear old E. Phillips, God bless him—H. Rider outdistances E. Oppenheim.

BOYS AND GIRLS STUDY NEWARK IN PUBLIC SCHOOL

PUPILS OF THE HIGHER GRADES
WRITE ESSAYS ON "MY
HOME CITY."

One Hundred and Fifty are Sub-
mitted to Superintendent and Will be
Bound and Put on File.

The month of November was "Newark Month" in the public schools. For an hour or two three times a week the boys and girls studied Newark and they learned of its history, its advantages, its needs. They were brought to be "boosters" for their home town.

At the end of the month all of the pupils of the sixth, seventh and eighth grades and in the high school were required to write essays on "My Home City." One hundred and fifty of these compositions were sent to Superintendent Hawkins who selected several of them at random and sent them to The Advocate office.

The compositions submitted to the superintendent will be bound and kept on file in the school library. Here is one of the compositions by an eighth grade pupil:

MY HOME CITY.
My name is Helen Thompson and I am a pupil in the eighth grade of the public schools of Newark, Ohio. Our superintendent of schools has requested all pupils in my grade to write a composition upon the subject, "My Home City," and this is mine:

"Newark, a county seat, is thirty-three miles east of Columbus, at the confluence of three principal branches of the Licking river. It is a beautiful and well built town on a level site having in its center the most spacious and elegant square in the state. Newark was laid out with broad streets, in 1847, on the plan of Newark, New Jersey, by William Schenck, George Burnet and John M. Cummings. The first log cabin was built in 1802 on the public square by Samuel Elliott and Samuel Parr. In 1804 there were about fifteen or twenty families in Newark. Five years later a log building was erected on or near the site of the courthouse which was used as a courthouse and church.

The Newark Advocate was the first paper printed in Licking county in 1820. The first schoolhouse was a log building on the corner of Main and Fourth streets. It was built in 1848 and had seven hundred pupils and eleven teachers. The members of the first board of education were: Isaac Smucker, Israel Dille, Samuel King, Adam King, Abner Dennis and Joshua Gibbs. At this time the population of Newark was 3,406. It has been growing rapidly from that time on until today it has a population of about 30,000.

The important advantages of Newark today are her industries and the fact that she is a railroad center. This latter makes it easy to obtain work at any kind of mechanical labor. Cheap fuel is one of the facilities which has added to the prosperity of Newark as a manufacturing center. Among the industries that have helped to develop Newark, is that of the Wehrle company which has the largest stove foundry in the world. It sends out nine hundred stoves a day. We also have the E. T. Rugg company which has one of the largest halter factories in the world. There are many other industries, among them, the work of the Baltimore and Ohio shops. Some of the prominent business men of our city are: Messrs. Frank L. Berge, chemist; A. F. Crayton, pharmacist; G. E. Besanceny and Bros., merchants; C. L. V. Holtz, banker; J. J. Carroll, dry goods merchant and William E. Miller, hardware dealer.

Our public school system is one of the best in the state. The primary, grammar and high school grades are equally excellent. The schools consist of fifteen buildings of which many are fire proof. The school enumeration shows an enrollment of four thousand and eight hundred pupils who are looked after by one hundred and twenty-five teachers. Three new buildings since 1911 have been added, the Hartzler, Keller and Mound. The Hartzler building derived its name from Dr. J. C. Hartzler who was superintendent of the public schools of Newark for twenty-four years. It is a large building consisting of twelve rooms, costing forty-nine thousand dollars. It was dedicated October 10, 1913, with great ceremony. It will be a domestic science and manual training center. The members of the present board of education are: Edward Kibler, president; Wm. E. Miller, vice president; S. W. Halzler, clerk; W. H. Broome; Dr. W. C. Rank; J. K. Dewey. The superintendent of our schools at present is Wilson Hawkins. Our high school, which has an enrollment of six hundred and sixty-five pupils, and twenty-eight teachers, is situated in the central part of the city. Among the large buildings we have the handsome Auditorium, which is one of the best circuits in the state, costing sixty thousand dollars and has a seating capacity of eighteen hundred. Newark also has a beautiful court-house, standing in the center of the public square, surrounded by stately elms and in the heart of the business district. To further improve our city three handsome stone churches have been erected within the past year costing two hundred and thirty thousand dollars, also a Masonic temple, valued at one hundred and twenty-five thousand dollars is being built. Our new hospital is nearing completion. Congress has appropriated one hundred and ninety thousand dollars for a new postoffice for us. Our present belongs to the first class. Another much needed and greatly associated improvement which the electors of Newark voted "Yes" for is the subway, which when finished will give to our city a million dollar improvement.

Preachers of Economy in Congress Busy at This Season.

BUREAUS SEEK MORE MONEY

Uncle Sam Reverses Rule of Practical Business in Allotting Appropriations to Various Departments—Efficiency Commission Accomplished Little. Lindquist of Michigan Pushing Bill.

By ARTHUR W. DUNN.

Washington, Dec. 19.—(Special.)—The time has arrived when the preachers of economy in government expenditures will be heard frequently on the floors of congress, and yet the prospects favor greater appropriations than ever before. Curiously enough, all those whose duty it is to "keep the purse strings" of the government do not get at the real theory of government expenditures.

The government is not run as any other business concern. The main object of a superintendent or manager of any business concern is to make it efficient and produce as much profit as possible. The idea is to couple economy with efficiency, to employ as many people as necessary and to use men and materials to increase the profits.

Reverses the Rule.

Government superintendents and those in authority reverse the rule of business. They work to secure more money from the government; they want more clerks to enlarge and increase the work of their bureaus without regard to the returns; they want to make their bureaus more important; they want to show an increase of business for the purpose of getting more money. The whole system is based upon aggrandizement of the bureau and department, building it up, getting more employees, etc. The subdivision works to be made a division; the division works to become a bureau, the bureau to become a department. Thus the agricultural, the commerce and the labor departments have been established in the last quarter of a century, and hundreds of bureaus have sprung into existence by the desire of people to create them and make the national government do more for the people and spend more money for federal employees.

Taft's Economy Commission.

During a recent debate Minority Leader Mann took a crack at one of Mr. Taft's pet schemes. Said he: "The bureau of economy and efficiency of the president took a great deal of time to tell congress how to run the government without having discovered how to do much of anything properly itself." That commission stopped the wheels of the different departments for weeks at a time, disturbed government business generally and recommended a great many supposed reforms, most of which were impossible in the government service.

A Suggestion to Hughes.

During the discussion of the currency bill Senator Hughes of New Jersey was contending for the right of every man to draw out his money from banks. "If not I think I will withdraw what little money I have in banks," he said. "The senator might get hanged for starting a panic," remarked Senator Root.

Difference of Opinion.

Criticizing the delay in debate in the senate and advocating a cloture in that body, Senator Owen outlined a program of legislation which included a score or more great subjects. Senator Ashurst declared that the Oklahoma senator's speech would become "historic." "He has stated what another political party will do if the Democrats and Republicans fail to enact the legislation he has suggested."

Senator Gallinger, on the other hand, said Owen's speech included "every conceivable wildcat theory in legislation that has been suggested by any man during the last twenty years."

The Lindquist Bill.

Congressman Lindquist of Michigan has introduced the bill which made him famous and which sent him to congress. The Michigan member made one of the most original campaigns ever known last year and was elected, mainly on the promise that he would have enacted into law a bill for pure fabrics and leather goods similar to the pure food law for labeling and protecting consumers of foods. He has introduced his bill into the house, and it has gone to the interstate and foreign commerce committee. I wonder when it will come out. Probably Lindquist will have an opportunity to make several campaigns before his bill gets to a vote in the house.

Christmas For Carriers.

Congressman Young of Texas has introduced a bill making Christmas a legal holiday for rural letter carriers. It will go through. After all that congress has done for the rural carriers, it won't stop at granting them a holiday on Christmas. And there might be an effort to give the city carriers such a holiday. There are few employees that are worked harder than city letter carriers, but the city carriers do not have the political influence exerted by those of the rural routes. The rural carriers are powerful because they have a "city sight" to do in the elections.

It isn't every man who takes a shine to his bootblack.

CAREFULLY TREAT CHILDREN'S COLDS

Neglect of children's colds often lays the foundation of serious lung trouble in later life. On the other hand it is harmful to continually dose delicate little stomachs with internal medicines or to keep the children always indoors. The ideal way to avoid colds is to keep plenty of fresh air in the bedroom and at the first sign of trouble apply Vick's Vapo-Rub. Croup and Pneumonia Salve over the throat and chest, covering with a warm flannel cloth. The body heat releases antiseptic vapors that are inhaled all night long, opening the air passages and healing the inflamed membrane. In addition Vick's is absorbed through the skin taking out the soreness and tightness. Vick's contains no harmful drugs whatever. At druggists—25c, 50c, and \$1.00.

Man Who Has a Vote Should Make Use of It

By J. VAN VECHTEN OLCOTT, President of the Republican Club of New York City

THOSE men who are not willing to exercise the privilege of the franchise are usually the people who say that universal suffrage is a failure. Such men are usually found among the well-to-do. They say, "My vote DOES NOT COUNT" because one vote more or less in the election district will not change the election." They do not seem to remember that the electoral ticket supporting Mr. Cleveland for president in 1884 received a plurality in the entire state of New York of over eleven hundred votes. Of course I do not remember how many polling places there were then, but in the state there were probably three or four times as many polling places as the entire plurality for Cleveland.

BY REASON OF PETTY EXCUSES AND NEGLIGENCE MANY VOTES ARE LOST, AND IF AN OFFICER OF ANY OF THE ORGANIZATIONS VENTURES TO CRITICISE ONE FAILING TO VOTE HE IS MET WITH THE REMARK: "WHAT DIFFERENCE DOES IT MAKE? ONE VOTE DOESN'T COUNT."

The trouble is that men of this sort will NOT TAKE THE TROUBLE TO PERFORM THE MOST IMPORTANT CIVIC DUTY THEY HAVE. They should be really interested in a general election, but when you confront them they act as if they were doing for a special and particular family voting at all.

BENEFICIARY UNION TO HOLD A CONVENTION

This Time For Roumanians Xmas Week Program Prepared for Entertainment of Delegates.

Newark will be the center of activities for all Roumanian Christmas week when the annual convention of the Roumanian Beneficiary Union will be held. The convention opens Dec. 24, at 1 o'clock and will continue through the following Sunday and probably Monday, depending on the length of time required to transact the business which will come before the delegates. The plans for the convention include a special memorial service at the Roumanian church at German and Poplar streets, a memorial for those members of the union who have died in the past year, a big parade following the service, a banquet in the society hall at 16 Jackson street, a Roumanian theatrical event and ball following the banquet and business sessions which will last several days.

The convention will bring to Newark 150 or 200 delegates from all over the United States, members being expected from San Francisco, New York and other distant points. Mayor Swartz and Mayor-Elect Bizee, other city officials and newspaper men have been invited to attend the banquet.

One of the most important propositions to be considered is the increase of the benefits for members for death or serious injury. At present this benefit is \$200 and it is proposed to increase this amount to \$500.

Augustin Sissea of Newark is general treasurer of the organization in the United States. He is also a prominent official in the local organization and is chairman of the committee in charge of the arrangements for the convention.

The tentative program for the convention is as follows:

Dec. 24, 1 to 6 p. m., organization of convention.

Dec. 25, 8 to 10 a. m., memorial service, conducted by Rev. Julius Holldr of Erie, Pa.

10 a. m. to 12:30 p. m., parade.

1 p. m., banquet at Jackson street hall. Addresses by delegates.

7:30 to 10 p. m., Roumanian theatricals.

10 p. m., grand ball.

Dec. 26, 27 and 28, business sessions of convention.

RAILROADING IS HAZARDOUS SAY THE CENSUS OFFICIALS

New York, Dec. 19.—The "safety first" movement has made considerable progress in this country, but recent figures of the census bureau show that there is still urgent need of education and training to cut down the number of fatal accidents.

"Steam railroad employees stand at the head of the list in the percentage of deaths from accidents in the total number of deaths from all causes in various occupations, according to the latest reports. Of the number of deaths among steam railroad employees who are in active service, 53.4-10 per cent are due to accidents. This doesn't mean that more than half of the men employed on railroads die from accident. The figures merely apply to the number of deaths caused while the men are actively occupied in the operation of railroads and does not apply to deaths from various causes after the men have left the roads or have been superannuated.

"Everywoman" Closes Schultz Opera House

Zanesville, O., Dec. 19.—With the ringing down of the curtain on the last act of "The Woman" on Saturday evening the Schultz opera house will be closed for a time at least. There is a possibility that the house may be leased to the Reis circuit people to stage other parties, but in the event that is not done there will be an occasional attraction booked in with event W. S. Canning will probably look after the house.

Old People Need A Bowel Stimulant

The Ideal One is a Mild Laxative-Tonic That Will Keep the Bowels Gently Active.

Healthy old age is so absolutely dependent upon the condition of the bowels that great care should be taken to see that they act regularly. The fact is that as age advances the stomach muscles become weak and inactive and the liver does not store up the juices that are necessary to prompt digestion.

Some help can be obtained by eating easily digested foods and by plenty of exercise, but this latter is irksome to most elderly people. One thing is certain that a state of constipation should always be avoided, as it is dangerous to life and health. The best plan is to take a mild laxative as often as is deemed necessary. But with equal certainty it is suggested that cathartics, purgatives, physics, salts and pills be avoided, as they do but temporary good and are so harsh as to be a shock to a delicate system.

A much better plan and one that thousands of elderly people are following is to take a gentle laxative- tonic like Dr. Caldwell's Syrup Pepsin, which acts as nearly like nature as is possible. In fact, the tendency of this remedy is to strengthen the stomach and bowel muscles and so train them to act naturally again when medicines of all kinds can usually be dispensed with. This is the opinion of many people of different ages, among them Mrs. Mary A. P. Davidson, of University Mound Home, San Francisco, Cal. She is 78 and because of her sedentary

habits had continual bowel trouble. From the day she began taking Dr. Caldwell's Syrup Pepsin she has had no further inconvenience and naturally she is glad to say kind things of this remedy.

A bottle can be bought of any drugist at fifty cents or one dollar. People usually buy the fifty cent size first, and then, having convinced themselves of its merits, they buy the dollar size, which is more economical. Results are always guaranteed or money will be refunded. Elderly persons of both sexes can follow these suggestions with every assurance of good results.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

NOTED LECTURER AT COLUMBUS, O., SUNDAY EVENING

Prof. Charles Herold of Leipzig, Germany, a philosopher, physical developer and spiritual adviser, will lecture Sunday evening for the Progressive Spiritualist Sunflower Reading Society at the New Pythian Castle, 27 1-2 East Long street, Columbus. His subject will be "What is Spiritualism and who are the Spiritualists."

Prof. Herold will prove and demonstrate, in this lecture that Life is continuous and that man never can die. He will demonstrate God and Man from a Spiritual, Natural and Scientific standpoint.

This lecture will be free to the public and the ministers, philosophers, scientists and spiritualists are especially invited to come and hear this fine lecture. It will be food for the soul.

DEPICT NATION'S HISTORY BY USE OF STATUARY

Philadelphia, Dec. 19.—A row of statuary, representing the history of America from its discovery by Columbus until the present day, will soon be placed along the east bank of the Schuylkill river in Fairmount park. This symbolic representation of the nation's history was made possible by a provision in the will of the late Mrs. J. Bunford Samuel, who left \$500,000 for the work.

The Fairmount Art Association announced yesterday that it had accepted the gift and that arrangements with the park commission had been made to permit the erection of statues.

There were no restrictions in the will upon the subjects except that they shall represent scenes of American history. Some of those considered most likely to be decided upon are Columbus discovering America, the landing of the Pilgrim fathers, William Penn treating with the Indians, Washington at Valley Forge, the Battle of Lake Erie, Lincoln freeing the slaves and the battle of Santiago. It is expected that work on the erection of the statuary will start next spring.

TEST WELL DRILLED ON FLUHART FARM

In the Crooksville oil pool in Perry county the wells are showing creditable staying qualities. Emery & Co's No. 1 on the J. A. Watts lease is holding up at 65 barrels, the Chicago Oil Co.'s well on the Waltrime farm is flowing 125 barrels a day, and its No. 2 on the Arney farm has 45 barrels a day.

A test well is being drilled on the Fluhart farm in Hanover township, Licking county, the location being 600 feet east of the Edward H. Everett farm.

MONGREL'S LIFE WAS SAVED BY THE MUSICIANS

It was only a dog—but then dogs have lives, and it has been predestined ages ago that he who save a life is a hero. Consequently several members of the symphony orchestra which played here for "Everywoman" are heroes.

The near tragedy was enacted on the north side of the square Thursday afternoon. Two stray dogs were basking in the sunlight and enjoying the greatness of an inconsequential life. Mysteriously and very stealthily, bearing a fire spitting weapon in the crook of his arm, one of the police officers on duty on the square, crept up on the dogs. Step by step he shadowed them. All unaware of the gravity and menace threatening them, the dogs stopped for a few minutes to discuss the merits of a bone they had found. The scene as it was being played in the court house park was being watched by a large crowd of onlookers. The officer raised the weapon to his shoulder, the dog looked unflinchingly into the barrel, and nervous women hastily turned their heads.

Every one was expecting to hear the discharge of the gun, when suddenly a chorus of whistles broke the stillness, and all animation and with a wag of his stumpy tail, the dog dashed out of range of the gun and up to the group of orchestra members, from whose ranks, the whistle emanated.

A smile passed over the faces of the onlookers, the officer disconsolately shouldered his gun, and the orchestra boys adopted the dog.

Don't Let Your Hair Spoil Your Good Looks

Take the right care of your hair, and instead of spoiling your good looks, it will improve them. You can't beautify your hair with barettes, ribbons and such things. Knick-knacks make homely hair look even worse, because the contrast shows off its ugliness to greater effect.

If you want beautiful hair—soft, silky, lustrous and glossy—use Harmony Hair Beautifier, a dainty, liquid hair dressing. Use it also if you want your hair to go into place—in wavy, graceful fashion—more easily, and stay where you put it. It overcomes the unpleasant, oily odor with a delightful rose fragrance. Very easy to apply—simply sprinkle a little on your hair each time before brushing it. Contains no oil; will not change color of hair, nor darken gray hair.

To keep hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made. MAHONING COUNTY MAY HAVE OPTION ELECTION SOON

Youngstown, Dec. 19.—After a meeting of the dry committee for Mahoning county last night, it was announced that no decision has been reached regarding a local option election in Mahoning county. A poll of the county has been ordered and will be started at once. The drys, however, have opened headquarters in the city and have been circulating petitions for an election for the last 10 days. It is generally predicted that an election will be asked for.

OFFICIALS OF B. & O. MAKE ANNUAL VISIT

Newark Shops Inspected on Last Lap of Ride Over Good—Resort Road Good—Pres. Willard Here.

On a special train bearing private cars of President Daniel Willard and Vice President A. W. Thompson, high officials of the Baltimore and Ohio railroad, paid Newark the annual visit of inspection, arriving here in the early evening, Thursday, and departing at five P. M. en route for Grafton. The officials came here from the B. & O. station, where they ended their trip of inspection of the mainline, from Cincinnati to Columbus.

Those in the inspection party were Daniel Willard, president; A. W. Thompson, vice president; in charge of operations, E. L. Stuart, chief engineer; C. W. Chubb, general manager; F. H. Clark, general superintendent of motive power; J. R. Kearney, superintendent of transportation; J. R. Underhill, engineer; J. P. Barnhill, signal engineer; E. E. Hamilton, assistant vice president.

The party was joined here by General Superintendent C. B. Williams, Wheeling; C. W. Gorsack, superintendent, and other division officials. The inspection trip was begun last Sunday, the officials going over the main lines of the Baltimore and Ohio to Chicago. From Chicago they went to Toledo, thence south over the Cincinnati, Hamilton and Dayton line to Cincinnati. The Baltimore and Ohio Southwestern main line from Cincinnati to Columbus was traveled over the party coming to Newark for the night. An inspection of the shops was made Thursday night and early Friday morning. The officials left for Grafton, W. Va., from whence they will go to Baltimore, where they will arrive tonight.

In arranging the schedule of the inspection trip it was planned to cover the property by daylight, in order to make an examination of the improvements which have been finished since the last periodical trip over the road, also to afford an opportunity to look over the terminals, shops, yards and other facilities.

When speaking of the results of the inspection, an official with the party stated Thursday night that the road is found to be in good condition. Owing to the liberal expenditures which have been made on the Baltimore and Ohio during the past year, in the maintenance of tracks, terminals and other property and upkeep of equipment, the official stated that the railroad will go into the winter season in as good condition as at any time in its history.

Officials of the road would make no statement regarding the necessity for cutting off a number of local shop employees, except to say that the elimination of navigation on the jobs, taken with the sudden slump in the steel industry, were the chief contributory causes bringing about the railroad retrenchment policy.

STATE MILITIA MAY RECEIVE PAY FROM GOVERNMENT

(Associated Press Telegram) Columbus, Dec. 9.—Adjutant General George S. Wood, after returning today from Washington, declared Secretary of War Garrison told him he is favorable to the pay bill, which provides that state national guardsmen and officers shall receive pay from the federal government as well as from the state. Secretary Garrison assured General Wood that he will recommend the proposed amendment to Senator Chamberlain, chairman of the Senate committee on military affairs. Ohio national guardsmen are working for the passage of the bill.

LIEUTENANT IS SENTENCED TO IMPRISONMENT

(ASSOCIATED PRESS TELEGRAM)
Strassburg, Dec. 19.—Forty-three days imprisonment was pronounced today on Lieutenant Baron von Forstner of the 99th infantry. The charge brought against him was wilful assault and causing great bodily harm by the illegal use of a weapon.

Lieut. von Forstner was the officer who brought about the recent troubles between the military and civilian population of Zabern by making insulting remarks in regard to the recruits of his company. When the townspeople became acquainted with the circumstances serious rioting and disorder broke out and lasted for several days.

The 99th infantry was finally transferred to other parts of Alsace by direct order of the emperor. The Zabern incidents caused a government crisis in parliament.

The sentence of imprisonment in a penitentiary automatically deprives Von Forstner of his commission as an officer.

BETTER ROADS IN PERRY COUNTY

New Lexington, O., Dec. 19.—In Perry county next year \$140,000 will be expended on market and inter-county roads. The state has promised \$10,000 for the market road, providing the county will expend a similar amount, which the commissioners have already voted to do. In addition to this the state will give \$20,000 for inter-county roads. The county will also spend a like sum, making a total of \$140,000 for better roads in Perry county.

COST OF LIVING SOARING. BURGLARY INSURANCE HIGHER

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 19.—A sweeping advance was made yesterday in burglary insurance risks in this city and the surrounding territory. The new rates will go into effect today and they were decided upon after an all day session of the Burglary Insurance Underwriters association.

Those who met were the representatives here of the 21 of the largest burglar insurance companies in the country.

Crime conditions in New York it was stated, were responsible for the increase. The action of the underwriters has brought New York burglary insurance rates up to those of Chicago, where it was declared they are the highest in the country.

CHURCH BARBER LATEST WRINKLE FOR CHOIR BOYS

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 19.—A special barber is the latest innovation in church life. St. George's Episcopal church, which the late Mr. J. Pierpont Morgan endowed with half a million dollars, has installed a barber shop for the choir. The Rev. Karl Reiland, the rector, is announcing the new feature said today.

"For the sake of uniformity in the appearance of our choir boys on Sundays and as a slight evidence of parochial appreciation we have assigned a special barber to the boys on Saturday mornings and on Sundays before services."

FOR NERVOUSNESS

Nervousness comes from nerve exhaustion, an unhealthy condition of the nerves of some part of the body, usually caused by lack of nerve nourishment. If you are nervous, you need a nerve food—something to tone and strengthen your nerves. Rexall Olive Oil Emulsion is the ideal nerve-food tonic, a real medicine for the nerves, a real builder of strength and health for the blood and every part of the system. It is not a stimulant. It contains no alcohol or habit-forming drugs, as many so-called "tonics" do that stimulate your heart and muscles for a short time after taking, only to leave you weaker and worse off than before. It is a real medicine, containing ingredients necessary to overcome your weakness and nervousness, and give new strength and life and health to every part. It may not make you feel better the first day, because the nerve and tissue foods it contains need time to get into the blood before the good work of up-building can begin. But it will make you feel better and less nervous before you have taken anywhere near as much of it as you have of other things that did you nothing but harm. If it does not—if it fails to satisfy you in every way, we want you to tell us so and get your money back.

You who are weak and run-down, and you who are apparently well now, but are liable to suffer from various cold weather ailments, use Rexall Olive Emulsion to get and keep well and strong. For the tired-out, run-down, nervous, emaciated or debilitated—the convalescing—growing children—aged people—it is a sensible aid to renewed strength, better spirits, glowing health.

PRESIDENT SIGNS HETCH-HETCHY BILL

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 19.—President Wilson today signed the hetch-hetchy bill granting a public water supply to San Francisco. He accompanied his signature with a statement declaring that he believed the public needs of the region concerned were served by the bill without impairing the usefulness of the public domain.

The president's signature ends San Francisco's long fight for a city water supply site in the valley of the Tuolumne river, in the northwestern part of the Yosemite National park. San Francisco already owns a large amount of land in the Hetch-hetchy Valley and under the law may erect a huge dam, flooding government land, may construct conduits and build and construct a plant for the incidental production of water power to supply the city. It is expected that at least ten years will be required to complete the work and carry the water through the 150-mile conduits to San Francisco. Settlers on irrigated lands in the San Joaquin Valley who secure water from Tuolumne river will be permitted under the new law to take electric power from the San Francisco coast.

BANK ASKS FOR A RECEIVER AT ELIZABETH, PA.

(ASSOCIATED PRESS TELEGRAM)

CARDINAL RAMPOLLA FUNERAL SERVICES WERE HELD TODAY

(ASSOCIATED PRESS TELEGRAM)
Rome, Dec. 19.—Funeral services were held today for the late Cardinal Mariano Rampolla, who died suddenly on Dec. 16. The coffin was carried from the little palace where the prelate died, to St. Peters, where were gathered the members of the sacred college, the diplomatic corps, the Papal court, the Roman aristocracy, the Knights of Malta, and a large body of clergy and laymen of all nationalities.

A requiem mass was celebrated by Monsignor Pietro Joro, vicar of St. Peters, and then Cardinal Vincent Vannutelli imparted absolution.

The body was afterward taken to the cemetery in the chapel of the vatican chapel and later buried in the Church of St. Cecilia of which Cardinal Rampolla was the protector and which he had caused to be magnificently restored.

ATLANTIC RATE WAR IMMINENT IS NEWS FROM LONDON

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 19.—News from London that a severe Atlantic rate war is imminent was read with interest by shipping men today.

While recent advances have failed to carry any limitation as to the progress of the negotiations to bring about a renewal of the Atlantic shipping pool, it was hoped here that the present agreement which expires December 31, would be extended for another year and that the work of reconstructing the pool would be satisfactorily accomplished.

A rate would involve all the British and Continental lines.

CITY LIABLE FOR DAMAGES ACCOUNT DEFECTIVE WALK

(ASSOCIATED PRESS TELEGRAM)
Columbus, Dec. 19.—The city of Toledo is liable for damages to the amount of \$1500 in the case of Margaret Salumme against the city, who alleges she was injured as a result of a defective sidewalk, according to a ruling of the Supreme court today. Mrs. Salumme suffered a badly sprained ankle when she stepped into a hole in the sidewalk, according to the petition and she filed suit for \$10,000 damages. The verdict for \$1500 was given in the Lucas county Common Pleas court but the circuit court reversed. The higher court today sustained the lower court, reversing the Circuit court.

England Lags Because the New Things In Life Don't Appeal to Her

By P. A. VAILE, New Zealand Barrister and Writer, Author of a Book Which Urged England to "Wake Up"

IF YOU TELL AN ENGLISHMAN ANYTHING NEW YOU ARE BOUND TO BE ONE OF FOUR THINGS IN HIS OPINION—A FOOL, A FADDIST, A REVOLUTIONARY OR A THEORIST. THAT IS ONE REASON WHY ENGLAND LAGS.

Ten years ago, when they were at the top of the world in sports and many things, I said to them: "That's all very well, but don't you make a mistake. This lawn tennis you are playing is effeminate patball. It's going to land you in the mud. Your principles are wrong. I could bring a team here from Australasia and, after getting them acclimatized, WHIP YOU TO A STANDSTILL." They laughed and called my words "colonial swank." Then we TOOK THE DAVIS CUP AND HELD IT FOR FIVE YEARS. I told them seven years ago that cricket was a thing of the past and out of joint with the times; that the game had developed into a three day orgy, something like a Chinese theatrical performance, with nothing determined at the end.

It was the same with football. Our New Zealand team came up to play them; the Rugby game. They cleaned up England, Ireland and Scotland by a total of 539 to 38 points. When our team arrived the newspapers said its members could not play the game. When the scores had run up to 204 to 4 the same papers said the team did not play the game.

I am not mentioning these things to disparage the Englishman. He is as good AS ANYBODY ELSE IF HE WOULD ONLY ALLOW HIS BRAINS TO COME TO LIFE AND USE THEM AT HOME.

GOVERNOR PLANS TEST OF AUTO TAX LAW IN COURTS

Associated Press Telegram
Columbus, Dec. 19.—Governor Cox called Secretary of State Graves and Assistant Attorney General Jas. Boulger to his office today to discuss the new automobile license law which recently was declared unconstitutional by Judge Kinkead of the Franklin county common pleas court. The governor stated that the case be carried to the supreme court at once.

The original decision by Judge Kinkead was in connection with the sustaining of a demurrer. Final hearing on the test suit against the law will be held before Judge Kinkead tomorrow.

The state will contend that the automobile license law is constitutional because the license required has the nature of an excise tax. It requires not a license on the owning of an automobile, but on the use of the machine, and that consequently the tax need not be uniform in rate with other taxes on property, according to the state's attitude.

All of the facts will be presented before Common Pleas Judge Kinkead, and the suit then will be carried through the circuit court and to the supreme court with comparatively little delay.

THE FARMER'S OPPORTUNITY.

A good many extension schools, institutes and farmers' meetings have been held in this community. How many times have we asked ourselves at such times if we could only get Professor C. E. Thorne, A. B. Sandies, A. B. Graham, Alfred Vivian or H. C. Pilon as one of the leading speakers? We have held some splendid agricultural meetings here but the trouble in our town is that we do not hear these men very often and they only one of them at a time. This condition exists in a good many other towns in Ohio where the people would like to hear these speakers. In order to help us hear these leading authorities, the Ohio State University has made special arrangements to bring them together for one big week at Columbus, Feb. 2 to 8, 1936. Not only will the leading agricultural men of this state speak at daily sessions throughout Farmers' Week but also men of national reputation from other states will be brought here. In all, there will be fifty-five lectures by thirty-two well-known authorities given during that one week. In addition, there will be meetings of Ohio plant breeders, dairymen, stock breeders and the first agricultural student home-coming. This splendid program will be free and the only cost to the farmers who attend will be the cost of lodging and meals.

SIXTEEN WARRANTS OUT IN OLD CASE IN CINCINNATI

Associated Press Telegram
Cincinnati, Dec. 19.—The street car strike in this city last spring was recalled here today when sixteen warrants were sworn out in police court for men who are alleged to have been involved in the assault on a street car from the twenty-ninth floor of a building on May 1, last. At that time barrels of cement, huge stones and pieces of steel were hurled from the skyscraper upon a car that was manned by non-union men. The car was crushed but almost miraculously the crew and the policemen riding on it, escaped uninjured. Mayor Hunt at the time started private detectives working on the case and the warrants today were the result of more than seven months of trailing. The names of the men mentioned in the warrants were kept secret, but it is said that arrests are expected soon in this city, Detroit and St. Louis. The warrants charge assault to kill and assault on a street car, both felonies in this state.

During 12 years 9,000,000 work-days were lost owing to strikes in Canada, or an average of 750,000 days a year.

PRODUCING CLEAN MILK.

"The health standpoint is not the only one to be considered in the production of clean milk," says Prof. O. C. Cunningham of the College of Agriculture, Ohio State University, in a new extension bulletin. "Butter and other dairy products of Ohio would be greatly increased in value if clean, good flavored milk and cream were always furnished creameries and cheese factories. The loss from poor raw material furnished to condenseries, city milk plants and ice cream factories is enormous. It is impossible to produce from poor raw material the best finished product, for which the best price can be secured. To obtain this good raw product, dairymen must produce it under clean conditions and keep it clean and cold until it reaches the consumer or the factory."

In this bulletin on the subject of "The Production of Clean Milk," Professor Cunningham has taken up the discussion of the bacteria of milk, how they get into it, how they may be kept out and how their multiplication is prevented. The bulletin may be obtained free by addressing A. B. Graham, Ohio State University, Columbus, O.

Society

One of the enjoyable events of the week was a surprise party given Mrs. J. B. Rice last Saturday evening at her home near St. Louisville in honor of her birthday anniversary. The evening was spent in music and games after which refreshments were served.

Those present were Messrs. and Mesdames: H. Rice, C. A. Clutter, J. Glover, George Titus, A. Jones, F. Moran, W. Stickle, J. B. Rice, Misses Lela Glover, Hettie Titus, Marie Titus, Mary Moran, Hazel Moran, Edith Clutter, Ruth Clutter, Ruth Stickle, Fay Stickle, Mae Stickle, Estella Cessna, Messrs. Vanya Glover, Ralph Titus, Dean Glover, Ralph Titus, Wayne Jones, Lowell Jones, Delmar Glover, Earl Moran, Roy Clutter and Aden Stickle.

McFADDEN-KLINE.
Thursday afternoon at 2 o'clock, Dr. Sparks united in wedlock Mr. Homer McFadden and Miss Margaret Kline. The young people are residents of Utica and are held in high esteem by those who know them. After the ceremony they returned to the bride's home. Many friends join in congratulations. They will reside in Utica.

La Krudillo Klubo met on Wednesday afternoon at the home of Mrs. Walter Stage in Poplar avenue. A feature of the afternoon was the opening of a Christmas box which contained gifts for the members and their children. In a word contest, Mrs. Dode Frush received the souvenir while Mrs. Emmet McDaniel was awarded the consolation trophy. The afternoon hours were devoted to needlework. A delicious luncheon was served the appointments harmonizing with the approaching festival of Christmas.

The next meeting will be held on December 21, at the home of Mrs. Dode Frush in Seventeenth street.

Mrs. Charles Diebold of South Fifth street, entertained the Thursday Afternoon Euchre club and several guests at her home yesterday.

HUMMELL-MYERS.
At noon on Sunday, December 14th, Mr. Arthur Hummell and Miss Elizabeth Myers were united in marriage at the home of the bride's mother, Mrs. Christian Myers of Wagram. Rev. Mr. Wengert of the Evangelical church officiating.

Mr. and Mrs. Hummell left on the 3 o'clock car for Dayton and will be at home with the bride's mother after January 14, 1914.—Pataskala Standard.

EDWARDS-BAKER.
Pink roses amid a profusion of greenery, predominated in the decorations at the Baker home in Seventh street on Thursday evening, when the marriage of Miss Nellie Baker to Mr. Emmett Edwards was solemnized.

The hour was 8 o'clock and the beautiful ring service was read by Rev. Thomas Hollar in the front parlor, where an improvised altar had been erected of palms and ferns. The bride was gowned in white brocade charmeuse, with trimmings of lace and pearls. She wore a reath of lilies of the valley and the bridal bouquet was a shower arrangement of bride's roses and lilies of the valley. The bride was attended by her sister, Miss Mabel Baker, who wore yellow crepe meteor and carried yellow roses. The

groom's best man was his brother, Mr. Ralph Edwards.
A wedding dinner was served, the table being centered with a willow basket of pink roses and ferns. The place cards were handpainted, the work of the bride.

Twenty-five guests were present, among these being the parents of the bride and groom and the grandparents of both.

Mr. and Mrs. Baker will be at home for the present at 11 Seventh street, but later will move into their own home in South Williams street. The bride is the daughter of Mr. and Mrs. J. Phillip Baker. The groom is the son of Mr. and Mrs. George Edwards of South Williams street, and is an employee of the Gleckhauf Furniture company.

Miss Ethel Hall entertained with a birthday party on Wednesday evening at her home in South Pine street. The evening was spent in games and music after which a luncheon was served.

The guests were: Misses Esther Boyer, Elizabeth Factor, many Wells, Lillian Brown, Maria Cunningham, Madura Howard, Alma Bollerer, Gladys Kinney, Messrs David Allen, Donald Power, Robert Sheppard, Marion Gray, Thomas Hayes, James Cunningham, Arthur Reidel and Harold Priest.

Miss Ethel received many pretty gifts and at a late hour the crowd departed, wishing her many more happy birthday anniversaries.

STATE EMPLOYEES WILL RECEIVE PAY DAY BEFORE XMAS

(ASSOCIATED PRESS TELEGRAM)
Columbus, Dec. 19.—Father Ohio will play Santa Claus on Christmas eve this year. Filing stockpiles will not be in his line, but filling wallets of state employees is to be his work. Usually state employees are paid on the 15th and 20th of each month, but this year the final semi-monthly payment will be advanced six days and pay checks will be issued on Dec. 24.

Orders came from the state auditor today asking heads of departments to prepare pay vouchers earlier in order that state officials and employees may jingle a few extra coins during the holiday week.

NEW BOXING LAW BRINGS REVENUE INTO THE STATE

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 19.—In filing the annual report with the new legislature at Albany, the state Athletic commission will show since the boxing law went into effect August, 1911, about \$110,000 has been paid into the state comptroller's office, this money being the amount of the five per cent. tax on the gross receipts of all licensed clubs operating under the statute. There has been a falling off in receipts during the last year, due probably to the poor quality of many so-called star bouts.

REQUISITION FOR WOMAN ARRESTED IN ATLANTA, GA.

(ASSOCIATED PRESS TELEGRAM)
Columbus, Dec. 19.—Governor Cox today issued a requisition on the governor of Georgia for Mrs. C. Q. Aiken, wanted by Hamilton county authorities on a charge of obtaining money under false pretenses. She is under arrest now in Atlanta, Ga.

THREE MEN IN AUTO ROB STORE AT BLUFFTON

(ASSOCIATED PRESS TELEGRAM)
Lima, Dec. 19.—Leaving their automobile at the curb in front of the Bixel Jewellery store at Bluffton, O., three men rushed into the store today, seized a tray containing \$700 worth of diamonds and escaped. They used a large red touring car and passed through Lima but a few hours before the robbery, refusing to heed the call of a crossing policeman who saw that they were exceeding the speed limit. After the robbery they headed back toward Lima by way of Findlay, but no trace of them has yet been found. Police in Toledo, Findlay and Fostoria are assisting in the search.

PATRICK'S WIFE DEAD: ASSISTED HUSBAND IN FIGHT FOR FREEDOM

(ASSOCIATED PRESS TELEGRAM)
Tulsa, Okla., Dec. 19.—Mrs. Albert T. Patrick, whose husband served 12 years in Sing Sing prison as the alleged murderer of Wm. Marsh Rice, died here today. Patrick and their children were at the bedside. Mrs. Patrick as Mrs. Addie M. Francis was married to Patrick shortly before his conviction for the murder of Rice. For the ensuing 12 years she devoted her entire time and expended \$50,000 in efforts to prove Patrick's innocence and gain a pardon for him.

Granville

Granville, Dec. 19.—The local circle of The King's Daughters is holding a market this afternoon and evening in the Municipal building. Pastry preserves, rugs, aprons and other articles which have been donated to the circle are offered for sale. The display is very attractive and the money derived goes for the benefit of the local organization.

Mr. and Mrs. C. R. Sargent of Troy O., returned home Thursday after spending three days in Granville. Mr. Sargent's son Leroy is in a real estate office in Alberta, Canada at present.

Miss Elizabeth Hughes of Columbus is visiting at the home of Mrs. G. T. Jones of East Elm street.

Mr. and Mrs. George Upham were Columbus visitors Thursday.

Denison closes at 4:30 this afternoon for the Christmas vacation which will continue till January 6. Students are leaving Granville on every car for their homes and the town will soon be deserted by its most active element. A large number, who live at some distance have secured special cars on the railroads for their convenience.

Prof. Victor Hoppe of Denison gave several readings today before his classes in public speaking. The readings were most excellent and were received by his pupils with close attention. Prof. Hoppe has been doing some lyceum work this winter and has met with great success, receiving applications for a return engagement every place he goes.

Misses Harriet and Anne Swetland of Mt. Vernon are spending Friday and Saturday in Granville.

Miss Hazel Apple of Dayton arrived Friday and will attend the Christmas party to be given by the Phi Gamma Delta fraternity this evening.

The pupils of Dr. G. F. McKibben, who is instructor of French in Denison, surprised him with a few refreshments Friday. A surprise was given by his 8:30 class and was repeated by his 1:30 class. Ice cream and cake were served, French songs were sung, and everyone had a jolly time.

J. H. Smith, who is Pennsylvania Transportation agent in Newark, has been in Granville frequently in the last few days in the interest of his company, arranging for the proper disposal of the large number of students who are leaving for their homes today and tomorrow.

How She Knew.

"I do think," exclaimed Mrs. Tolker indignantly, "that Mrs. Gadabout is the most aggravatingly inquisitive woman, if I must say so, I ever knew. Why, I never pass her on the street but what she invariably turns her head and stares back at me to see what I've got on and how it sits from behind."

"How—er—that is, I was wondering, my dear, how you found out that the mean thing looked back. Some one tell you?" inquired Mr. Tolker innocently. And Mrs. Tolker straightway turned the stream of her indignation, seething hot, from Mrs. Gadabout to her "insinuating wretch of a husband," as she fondly termed him, and after the first protechnic outburst refused to speak to the fortunate man for the rest of the evening.—Pittsburgh Dispatch.

When Hanging Was Common.
Edmond Burke said that he could in his time obtain the assent of the house of commons to any bill that carried the death punishment.

A man's life was not very valuable in those strenuous days. If he scratched his name on Westminster bridge, if he wore a wig or false mustache or any other disguise on a public road, if he cut down a young tree, if he stole property worth more than \$1.25, if he had been transported for crime and returned a day ahead of the expiration of his term of punishment, if he wrote a threatening letter, if he stole a hide from a tanner's, for any and all of these things and for 200 more than these he was hanged by the neck until he was dead.

Joe Tinker—Is He Worth \$25,000?

Joe Tinker, the erstwhile manager of the Cincinnati Reds of the National League, and once shortstop of the champion Cubs of Chicago, doesn't know whether he is to play ball next year with Charley Ebbets's Brooklyn team or with Cincinnati. He is just now the cause of more trouble than Garry Herrmann, president of the Cincinnati club, has ever had before. Herrmann signed a contract to sell him to Brooklyn for \$25,000, so he and Ebbets say. The directors of the Reds, one of whom is of the Fleischmann family of Cincinnati, who are worth many millions, refused to approve the sale.

Will the National Commission, of

which Herrmann is president, insist on the sale of Tinker, or will the contract be declared void. Maybe after an investigation it will be learned that the real reason why the directors in Cincinnati object is that Ebbets was not to pay a sum anything like \$25,000. Tinker is thirty-three, and has been playing in the big league about twelve or thirteen years. In three years more he will be done. Would a manager pay \$25,000 for his services for three years in addition to a salary of \$7,500 a year, which Ebbets says he offers. That is, are Tinker's services for three years worth \$17,500?

PREDICT

(Continued from Page One.)

amendment to authorize the regional banks to loan direct to individuals on proper security, if the banks in the borrowers' community were "unable or unwilling."

Several Republicans joined Democrats against it and it was defeated 47 to 33. Senator Newlands declared he had several changes which he wished to propose to the measure but said he would prefer to have the Democratic caucus first pass upon them. He began an agitation for a further caucus of Democrats.

A complete reform of the vast and complicated machinery of finances, banking and currency will be accomplished by the bill. Its fundamentals provide:

"The issue of currency, guaranteed by the government, based upon notes and bills representing commercial transactions and backed by a gold reserve. The new currency is expected to contract and expand to meet the varied demands of trade. The concentration of the bank reserves of the country in regional institutions capitalized by the banks of the country and controlled by directors elected by the banks. The creation of a market for the negotiable commercial paper which forms the bulk of the assets of the banks, where, in times of stress, those assets may be easily and without loss transformed into cash.

The establishment of from 12 to 18 great regional banks throughout the country which will issue currency, rediscount paper and centralize and mobilize the reserve of the local banks.

The creation of a federal reserve board of seven members appointed by the president with final powers of control and supervision over the entire system.

In the foregoing general principles the bill is practically the same as that passed the house. But in phraseology and more or less important details hundreds of changes have been made by the senate.

The senate has retained, after a contest, the house plan to have each regional bank "a bank of banks" with the directorate controlled by the member banks, and the capital furnished by enforced subscription of national banks. Senator Hitchcock of Nebraska, aided by the Republicans made an ineffectual fight to make those institutions public utility banks owned by the public and controlled by the government.

As amended by the senate the bill provided for a creation of from eight to 12 regional banks, as the necessity may develop.

Under the house bill the earnings of the regional banks after paying 5 per cent dividends on the stock and establishing a 20 per cent surplus would have been divided among the member banks and the government. The senate has amended the bill so that the stockholders shall receive a six per cent dividend, a surplus fund of 40 per cent of the capital shall be established and that the remainder of the earnings shall be divided, one-half going to the government as a franchise tax and the remainder forming a "depositors' insurance fund" to reimburse depositors in failing member banks.

The senate has broadened materially the character of the commercial paper which will be eligible for rediscount and which may be used

as a basis for currency. Under the house bill only paper maturing within 90 days, was available but the senate after a contest, broadened the provision to include a per centage of six months paper in order to accommodate smaller banks in rural communities which handle little short-time paper.

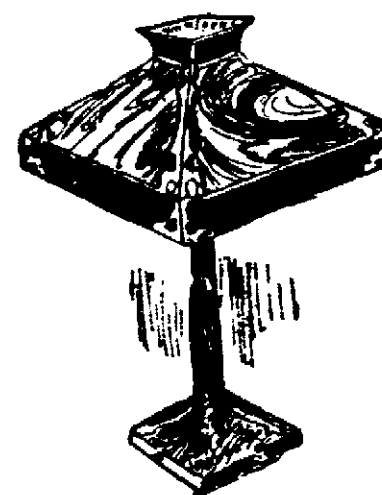

Huge Groups of Sculpture at the Panama-Pacific International Exposition, San Francisco, 1915.

Copyright, 1913, by the Panama-Pacific International Exposition Co. A. Stirling Calder, sculptor. Photo by W. S. Dyer.

HUGE groups of sculpture will reveal the plastic art in the very highest stage of its development at the Panama-Pacific International Exposition. The sculptors are here shown at work on colossal figures of negro servants bearing baskets of fruit. The figures will be part of the group, "The Nations of the East," which will crown the triumphal Arch of the Rising Sun in the Court of the Sun and Stars. The "Nations of the East" will be of typically Oriental character. On the opposite side of the Court of the Sun and Stars the huge Arch of the Setting Sun of similar proportions, will depict the spirit of the West. This illustration shows the sculptors enlarging models by A. Stirling Calder.

DURABLE AS IRON

Rugs and Carpets

Their wonderful Oriental designs reflect the spirit of Christmas and their beautiful warm colorings harmonize with the holly and mistletoe.

Made of special yarn, soft, yet resilient, the thick pile does not mat down, but springs back into place as soon as the pressure of foot or chair is removed.

And there is such a wide range of color and patterns that your individual taste can be suited exactly; while the utmost business variety of sizes makes it possible to fit any room.

Come in to-day and see these beautiful rugs—they are moderate in price and so wonderfully made that they are to-day dominating in thousands of homes that they are "durable as iron."

SWANK AND STOFFER NAB COLORED MAN

A negro believed to be W. L. Wade, wanted in Barnesville for obtaining money under false pretenses, was arrested Thursday night by Police Captain Charles Swank and Pennsylvania Officer Stoffer and will be held to await the arrival of officers from Barnesville for a warrant. A reward of \$50 was offered by the Hartman Furniture and Carpet company of Chicago for Wade's arrest, it being alleged that he was using their catalogue and firm name in fleeing his victims. It is claimed that he secured \$10 from Mrs. Mary Morris of Barnesville as payment for furniture which she selected from a catalogue exhibited by Wade.

RICHARDS CARRIED INSURANCE ONLY 4 SHORT WEEKS

Darley A. Richards, victim of the fatal accident at the creamery last Monday, carried a life insurance policy but four weeks in the Metropolitan Life. It was learned today he applied for a \$10,000 policy but felt that he could not afford to carry one so large and a policy for \$250 was issued. He paid four premiums of 15 cents each before death occurred. A clause in the policy provided payment of the entire amount in case of accidental death while but half the amount would be paid for death from illness within six months of the date the policy was issued.

Greece has a limited supply of forest lumber. This is mostly mountain pine, which does not yield a first-grade lumber.

Christmas Packages in the U. S. Mails

IMPORTANT DON'T'S.
DON'T put Red Cross stamps or Christmas stickers on the address side of your package. Placing any stamp but a regular postage stamp on the address side makes the letter or package unmailable. Affix such stamps on the back of your package.
DON'T put any writing in a parcel post package beyond the word's "Merry Christmas," or "With Best Wishes," etc., and your name. If you write anything construed as a letter your package will be held up and you may be fined for violation of the postal laws.
DON'T mail parcel post packages weighing over four ounces in street boxes. They must be taken to a post office.
DON'T try to send books or printed matter as parcel post. The postage rate on printed matter is 1 cent for each two ounces or fraction thereof.
DON'T seal parcel post or printed matter packages. If you do the friend who receives the package will be compelled to pay "postage due" at the letter rate if he decides to receive the package at all.
DON'T put Christmas stamps or sealing wax on the string. That seals the package.

FINED \$50 AND THE COSTS FOR STONING TRAIN

Van Wert, O., Dec. 19.—Twenty-eight Italians, members of a construction gang on the Erie Railroad, who had been in jail a week, pleaded guilty today to stoning an Erie passenger train and were each fined \$50 and costs by Judge Matthias.
